

Technical drawings of a MaxMotion motor, showing side and front views with dimension labels.

Side View Dimensions:

- LD: Total length of the motor.
- LL: Length of the motor body.
- KK: Distance between the two mounting feet.
- ED: Distance from the motor body to the mounting foot.
- EB: Distance from the motor body to the mounting foot.
- E: Distance from the motor body to the mounting foot.
- C: Distance from the motor body to the mounting foot.
- B: Distance from the motor body to the mounting foot.
- BB: Distance from the motor body to the mounting foot.
- L: Total length of the motor.
- AC: Total height of the motor.

Front View Dimensions:

- AG: Distance between the two mounting feet.
- AD: Distance from the motor body to the mounting foot.
- H: Total height of the motor.
- HA: Distance from the motor body to the mounting foot.
- K: Distance from the motor body to the mounting foot.
- A: Distance from the motor body to the mounting foot.
- AA: Distance from the motor body to the mounting foot.
- AB: Total width of the motor.

Top View Dimensions:

- GA: Distance between the two mounting feet.
- DH: Distance from the motor body to the mounting foot.
- F: Distance from the motor body to the mounting foot.
- G: Distance from the motor body to the mounting foot.
